fashion week

NEW YORK: FEB 8 - FEB 16

date: Tuesday, February 20, 2001

on the schedule: N.Y.C. Fashion Week is over. (Fashionistas are off to London...)

spotted Friday: Hilary Swank and Chad Lowe, Dustin Hoffman, Melissa Etheridge, Molly Sims, Reba McEntire.

good things come... Average show length is 17 minutes (with an average wait of over 30 minutes).

crazy quilts: Vivienne Tam and Michael Kors showed quilted coats. Blankets were draped over models at Yeohlee, Miguel Adrover and Manuel Fernandez, and Joseph Israel had quilted coat dresses.

lights, camera, De Niro: Hollywood was on hand at Zang Toi's Friday night show, as footage was being shot for an upcoming Robert De Niro's movie.

bang bang! Mark Montano's models carried Swarovski-crystal-encrusted water pistols, and Helmut Lang's models wore leather shoulder holsters.

most memorable: John Bartlett's military line was featured in a hospital-style installation, allowing fashionistas to walk through and view "soldiers" on cots.

thirsty no more: Sponsor Evian supplied water, and guests at the shows consumed 96,000 bottles of Evian during the week.
